It is a beautiful place to raise our kids and the people are down to earth, wonderful people. We have plenty of space and privacy, which is hard to come by in this day and age. Many people come up to our place and say things like, 'oh, I forgot that you live in Paradise.' My husband and I worked many jobs when we were younger. We paid of our first home within 15 years. We are currently renting that home our and bought a new home seven years ago. We only have 8 years to pay on it. All of our children are on there own. Fremont County, ID	Very good	All family needs are being met with quality.

Fremont County, ID	Very good	Because I have no complaints, I am blessed
Fremont County, ID	Very good	Because I'm happy in my little corner of the world where I don't have a lot of people around me, but it'd also be nice if there wasn't so many apartments going up in one of the larger neighboring towns, it takes away from what the town used to be.

Fremont County, ID	Very good	comfortable. in a quite neighborhood
Fremont County, ID	Very good	Enjoy the natural beauty of the area. (By the way, it is impossible to click on 'Strongly Agree' in the section below., or anything stronger than 'Moderate Threat' in the following section).
Fremont County, ID	Very good	Everyday is a gift, don't want to waste it. Excellent work opportunity for one of couple; poor work opportunity for other. Excellent recreational opportunities. Excellent access to public lands. We desire to live in Ashton to reduce ex-urban sprawl and to utilize existing infrastructure, but mix of owner-occupied homes with poorly maintained rental housing and abandoned homes and poorly maintained businesses diminishes the aesthetics and livability/desirability of neighborhoods. The number of seasonal workers who have no choice but to live in sub-standard housing is troubling and a constant reminder that our quality of life is high compared to that of other, extremely hard-working residents, without whom our local economy would suffer.

Fremont County, ID	Very good	I am in a comfortable home that has been paid off for several years. I make a good income and can live comfortably. I am involved in creating a thriving artist's community in St. Anthony, giving back to the community every day and have personal connections to many local citizens who are civic minded, creative and share my interest in creating a community that helps me grow as a person. I am poor but I have an opportunity to help others every day and that is very fulfilling.
Fremont County, ID	Very good	I am living on the farm that my grandparents raised their family on. The house is older but we are working on upgrades slowly. My children love the farm and we love being in the country. It is only 6 miles to my work and about the same for my husband. We have good neighbors and feel very blessed with what we have.
Fremont County, ID	Very good

Fremont County, ID	Very good	It is what you make of it.
Fremont County, ID	Very good	It would be excellent if I weren't so anxious to pay off my mortgage very early.

Fremont County, ID	Very good	Me and my children are healthy. We have a roof over our heads. We can afford (by me working two jobs) to live okay.
Fremont County, ID	Very good	My children can play in my yard without fear of something happening. There are opportunities for my children that they may have other places due to large numbers of children competing for a few spots.
Fremont County, ID	Very good	My family members are healthy and happy and I like the area I live in.
Fremont County, ID	Very good	My finances are covered and I'm surrounded by good friends and family.
Fremont County, ID	Very good	no need to have a shitty life!!
Fremont County, ID	Very good	Our home and yard gives adequate space for our family. We have made repairs as needed which has kept our home and out-buildings in good condition. We do struggle to have adequate money to do the repairs and fill the propane tank, etc, but we have been able to maintain things to meet our needs--not necessarily our desires.
Fremont County, ID	Very good	Overall, I have good health, low debt, decent income, rewarding job, and good fortunate.

Fremont County, ID	Very good	Things are just good! A great place to raise a family. Low crime etc.
Fremont County, ID	Very good	THIS BILLS ARE PAID AND WE PLAY ALOT!!
Fremont County, ID	Very good	We are doing well, but, money has always been an issue.
Fremont County, ID	Very good	We are fortunate to have the jobs that we have and to have found a place to live in the area that we need. It is very difficult to find housing in the Teton/Newdale area.
Fremont County, ID	Very good	We are happy
Fremont County, ID	Very good	We are happy and healthy but our housing situation is not the best and our income is limited.
Fremont County, ID	Very good	We both have good jobs and are in fairly good health
Fremont County, ID	Very good	We can always use more money, but we have a good life.

Fremont County, ID	Very good	We chose to live in this area and our home meets our needs.
Fremont County, ID	Very good	We don't want for much. We have a house, food, and lots of supportive family
Fremont County, ID	Very good	We enjoy where we live and work. It is a good community to raise a family.
Fremont County, ID	Very good	We everything we need.
Fremont County, ID	Very good	We have a employment that meets our needs and allows for some savings. We are healthy. We have good friends and good people around us.
Fremont County, ID	Very good	We have a nice home, great community and can afford a comfortable lifestyle.
Fremont County, ID	Very good	We have a nice home, live in a nice community and can afford a comfortable lifestyle.
Fremont County, ID	Very good	We have been very blessed with good employment at BYU-I and Post Office in Rexburg that help us to afford most our needs. Other struggle much more then we do.
Fremont County, ID	Very good	We have the basic needs for our family.
Fremont County, ID	Very good	We have to budget but we have what we need. However, I work full-time and my husband works full-time and takes 14-16 credits of courses at BYU-I so we are spread pretty thin.
Fremont County, ID	Very good	We may not live in a mansion, but we are happy. I would have rated it as excellent if our school district paid teachers and administrators what we are worth.
Fremont County, ID	Very good	We work hard to meet the goals that we have set. Slowly but surely we are meeting the needs of the farm. It has not been easy, but it has been worth it.
Fremont County, ID	Very good	We're more rural and don't have conveniences like natural gas and internet options.
Fremont County, ID	Very good	wonderful family, church, job. not excellent because I have a lot of bills that keep piling up.
Fremont County, ID	Good	1. The house has no linen closet, no coat closet, no cleaning supply closet, ets. 2. The house does not have a garage. Think about what is in your garage. I have no place for all of that stuff.
Fremont County, ID	Good	able to meet fincacial obligations and our kids are raised and we are reasonabley healthy
Fremont County, ID	Good	As an educator I am able to pay my bills and take of upkeep on my home, but major projects that need done are not possible at the moment.
Fremont County, ID	Good	Bad health,long winters
Fremont County, ID	Good	Beautiful surroundings for sure, but would like to have more amenities in the community.
Fremont County, ID	Good	Because it could be so much worse
Fremont County, ID	Good	Cause I like my life. But I am definitely living month to month and sometimes we just pray we make it through.
Fremont County, ID	Good	Could always use more money for more family oppurtunities. The cost of items or nessecities go up and make it harder to save for vacations or family outtings.
Fremont County, ID	Good	Due to pay cuts for both my husband and I we have not been able to do some of the up keep on our property as we would like.
Fremont County, ID	Good	Everything costs more to purchase, but our salaries have actually gone down. Our current salary is shored up by a levy. If the next one fails to pass, we will take substantial pay cuts.
Fremont County, ID	Good	Health could be better but love where we live!
Fremont County, ID	Good	I am able to afford what I need plus some. My home is comfortable; in need of some upgrades/changes, which will come in the future as I am able to afford them.
Fremont County, ID	Good	I am able to provide for my children country living in a small community. They have a rood over their head, shoes on their feet, food in their bellies. Plus the added benefits of living in the country.
Fremont County, ID	Good	I am always looking to better my life and provide for me families needs. This is what I can afford, but I am always looking to improve it.
Fremont County, ID	Good	I am relatively healthy. I have a job with health insurance.
Fremont County, ID	Good	I don't have the income that I would like to have a quality of life that i would prefer.
Fremont County, ID	Good	i have a roof over my head
Fremont County, ID	Good	I have everything I need but not much extra for anything else.
Fremont County, ID	Good	I have everything I need. No more no less.
Fremont County, ID	Good	I have what I need but could always be more comfortable with more.
Fremont County, ID	Good	I like the region and area, but my job is lacking and lowering my quality of life.
Fremont County, ID	Good	I live very modest.
Fremont County, ID	Good	I make a fair wage at the job I am now, but I know that there is not many good paying jobs around.
Fremont County, ID	Good	I work full-time and go to school full-time while my husband works out of town while we have 4 kids. Very busy sometimes hard to enjoy moments.
Fremont County, ID	Good	I would rather own a home that suited me and was a good price.
Fremont County, ID	Good	It would be excellent if I had more money. It would definatley take some pressures out of life.
Fremont County, ID	Good	It's just how I feel.
Fremont County, ID	Good	live in nice area

Fremont County, ID	Good	Live pay check to pay check.
Fremont County, ID	Good	My life is good because I choose to see it as such!
Fremont County, ID	Good	My spouse and I both have jobs and bills are paid each month. I don't ask for more than that.
Fremont County, ID	Good	My wife and I both work and for the area make a good wage. Ove the years we have found a good circle of friends. I live close to work and my commute is very quick.
Fremont County, ID	Good	Our basic needs are met. It would be nice to have a little more income.
Fremont County, ID	Good	Our needs our met.
Fremont County, ID	Good	Pretty average for the area and economy.
Fremont County, ID	Good	Single income.
Fremont County, ID	Good	Sometimes have to juggle utility bills and such.
Fremont County, ID	Good	Struggling to get by on Social Security & pension, while paying off debt. However, health reasonably good and recreation close.
Fremont County, ID	Good	The cost of living is relatively low, but wages are also below the national and regional average.
Fremont County, ID	Good	The income in the area doesnt easily provide for the ability to pay off debts and loans, as such adds to the stress of having enough money at the end of the month
Fremont County, ID	Good	The road where we live is so bad that our vehicles show extreme wear and tear. Theres no room in alley access and city doesnt enforce to keep nice. No real yard access. Older house is fun but run down and needs updating very very badly. One bathroom isnt enough for house of 6 people. Sidewalks throughout the city are crumbled or uprooted from tree roots. Trashy town.
Fremont County, ID	Good	Too much yard to take care of, not able to keep up.
Fremont County, ID	Good	We are running low on funds because of the gas money to drive to Rexburg every day.
Fremont County, ID	Good	We have all of the things that we need.
Fremont County, ID	Good	We live in a great area in nice small home that we can afford.
Fremont County, ID	Good	We live in a nice house but it is hard to meet financial obligations. Salaries are very low here.
Fremont County, ID	Good	We make enough to pay our bills and enjoy most of our time with our family and friends. We enjoy our religion and practice it regularly as well as participate in community events and celebrations.
Fremont County, ID	Good	What is your definition of quality of life?
Fremont County, ID	Fair	Because of the need for out of reach upgrades. Current quality of life is such that the current income does not provide enough extra to make the necessary improvements to the home we live in. In order to find a home which does not need such large improvements the current salary would have to double and there are not jobs within the area to which that would be possible. The employment opportunities are so limited that only the very basic needs of the family are met due to salary.
Fremont County, ID	Fair	Don't get paid enough for a good House. Not enough good affordable housing.
Fremont County, ID	Fair	Economic situation. Low pay
Fremont County, ID	Fair	Even with 2 incomes it is hard to just make ends meat.
Fremont County, ID	Fair	Getting by.
Fremont County, ID	Fair	Health issues and forced retirement make life difficult. They also make it difficult to make the necessary repairs to my aging home.
Fremont County, ID	Fair	I like the area that I live. It's just hard to keep our heads above water. The cost of everything has gone up, and wages stay the same or go down. The wages are not keeping up with cost of living.
Fremont County, ID	Fair	I was bom with nererlogal problems that effect my moter skills and coordanation . i have a low amon system , i have heat problem ,astma and have had many surgerys for diffent reseons.. i am curently on social secerty. over the years may health slowly get worse.
Fremont County, ID	Fair	I would like to be able to afford to do more to improve my property but as a single parent do not have any funds to do so.
Fremont County, ID	Fair	lower income, live pay check to paycheck. Jobs do not pay much in this area.
Fremont County, ID	Fair	Medical issues Myself and my two children have to live with my parents. Two families share a small 2 bedroom home. My daughter and I share a room that isn't finished. I can't afford housing on my own, after withholdings and benefits are deducted from my check. I work full time and am currently looking for a second job.
Fremont County, ID	Fair	The conditions could be worse but the mold affects my health. The zoning rules are far to restrictive, and selectively enforced. The big-city aspirations of a few citizens lead to persecution and intolerance of rural and farm lifestyles. I wanted rural living, with a few town amenities. There are more restrictions in this small town than most big cities! Also, communication and fellowship is almost non-existent. We live in fear of city & county government day by day. There is little respect for self-sufficiency, autonomy, green building techniques, or urban homesteading.
Fremont County, ID	Fair	
Fremont County, ID	Fair	We are losing our house to forecloser and my husband has MS

Fremont County, ID	Fair	<p>We are on an extremely tight budget. Cost of living is higher. Sundries, groceries, gas, utilities, etc... My salary supports both of us solely - it is difficult and we must be very conscious of spending. No raise in salary for quite a few years. A small raise this year but not enough to catch -up.</p> <p>We have been looking for a home to buy for over four years now. We have a very limited budget because we are both in education. The homes in our price range are not sufficient for us and our two children to live in. We are crammed in our tiny apartment, but at this time, have no choice of going anywhere else. We qualify for mortgage loans, but our budget will not allow it to happen.</p>
Fremont County, ID	Fair	<p>We have what we need, but if an emergency arises then we'll be in bad shape.</p> <p>We have what we need, but we live paycheck to paycheck and use credit to make up the difference for necessities. Our home is 600 square feet and currently we have 3 adults and 2 children living in it with only 2 bedrooms and 1 very small bath.</p>
Fremont County, ID	Fair	<p>Employer will not give cost of living raise, can barely pay for necessities. I do not live beyond my means. Can barely afford gas to even get to work.</p>
Fremont County, ID	Poor	<p>Unable to pay for basic necessities</p>
Fremont County, ID	Poor	<p>we can afford to pay our bills and to buy the things we need, while still having enough money to do some recreational activities.</p>
