RECEIVED

Re: Mahogany Ridge Resort

Dear Teton County Planning & Building Depot

Thank you for the opportunity to review and comment on the development plans you have submitted. At this time the Idaho Transportation Department has concern regarding the traffic and safety impacts this development will have to the state highway. The Idaho Transportation Department requests that the developer reviews with the county, city and ITD the development impacts and consider all options to minimize these impacts to the state highway.

If you have any questions please contact Derk Williams at (208)745-5635 or myself at (208)745-5630.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Davison".

MATTHEW DAVISON, P.E.
District Six Traffic Engineer
